Edit product:

The screenshot shows a web browser window with the URL `localhost:22163/edit-product/63669eea8f9028cc8b10c67e`. The browser's address bar and tabs are visible at the top. Below the browser window, a Windows taskbar is shown with the search bar and several application icons. The web page itself has a navigation bar with links: [Product](#), [Home](#), [Add-Product](#), and [List Product](#). The main heading is

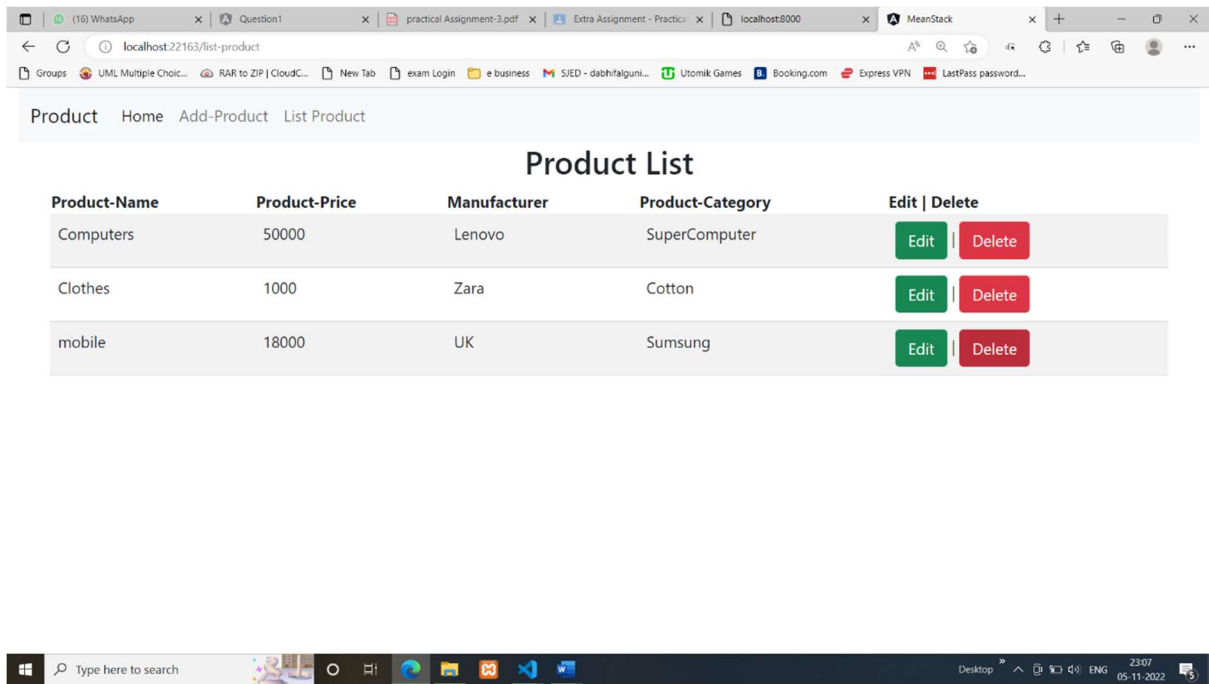

Edit-Product

. The form contains four input fields:
1. **Product-Name**:
2. **Product-Price**:
3. **Product-Category**:
4. **Manufacturer**:
At the bottom of the form is a green button labeled **Submit Form**.

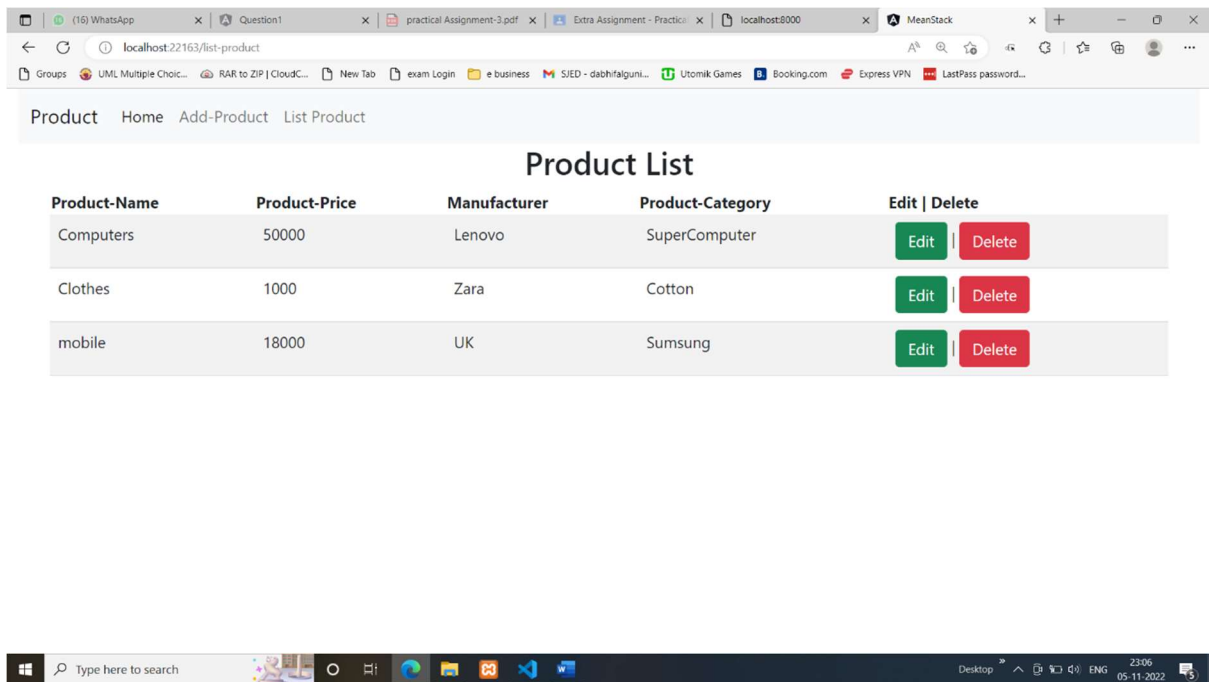

This screenshot is identical to the one above, showing the same web browser window and Windows taskbar. The web page displays the

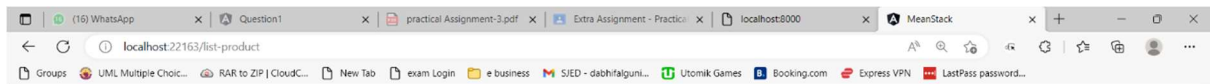

Edit-Product

 form with the following values in the input fields:
1. **Product-Name**:
2. **Product-Price**:
3. **Product-Category**:
4. **Manufacturer**:
The green **Submit Form** button remains at the bottom of the form.

Delete Product:
